Donald Trump isn't a politician—he's a one man wrecking ball against our dysfunctional and corrupt establishment. We're about to see the deluxe version of the left's favorite theme: Vote for us or we'll call you stupid. It's the working class against the smirking class.

Now Ann Coulter, with her unique insight, candor, and sense of humor, makes the definitive case for why we should all join his revolution.

The three biggest news stories of the 2016 presidential election have been: Trump, Trump, and Trump. The media have twisted themselves in knots, trying to grasp how he won over millions of Republicans and what he'd be like as president.

But Ann Coulter isn't puzzled. She knows why Trump was the only one of seventeen GOP contenders who captured the spirit of our time. She gets the power of addressing the pain of the silent majority and saying things the "PC thought police" consider unspeakable.

She argues that a bull in the china shop is exactly what we need to make America great again.

In this powerful book, Coulter explains why conservatives, moderates, and even disgruntled Democrats should set aside their doubts and embrace Trump:

- He's putting America first in our trade deals and alliances, rather than pandering to our allies and enemies.
